

Substance Use Disorder Systems Map for Madison Dane County

This Substance Use Disorder Systems Map has been created by Safe Communities MDC to help those that are struggling with the disease of addiction and their families, find the treatment that they need.

We need your help to keep this map up to date. Funding sources and treatment services shift regularly. This map depicts the information that we were given by treatment providers at the time of publication. If you find a discrepancy, please email info@safercommunity.net so that we can continue to provide accurate information to the community.

All of the information provided was provided by employees at each treatment center. If you are provider and the information that is listed is incorrect or incomplete, please email info@sfarecommunity.net
