

# Substance Abuse Systems Delivery Map for Madison

**Safe Communities**  
MADISON-DANE COUNTY

This Substance Abuse Systems Delivery Map has been created by Safe Communities MDC to help those that are struggling with the disease of addiction and their families, find the treatment that they need.

We need your help to keep this map up to date. Funding sources and Treatment Services shift regularly. This map depicts the information that we were given by treatment providers at the time of publication. If you find a discrepancy, please email [stikkanen@safercommunity.net](mailto:stikkanen@safercommunity.net) so that we can continue to provide accurate information to the community.

All of the information provided was provided by employees at each treatment center. If you are a provider and the information that is listed is incorrect or incomplete, please email [stikkanen@safercommunity.net](mailto:stikkanen@safercommunity.net)

# Assessment & Evaluation for all Dane County Minors

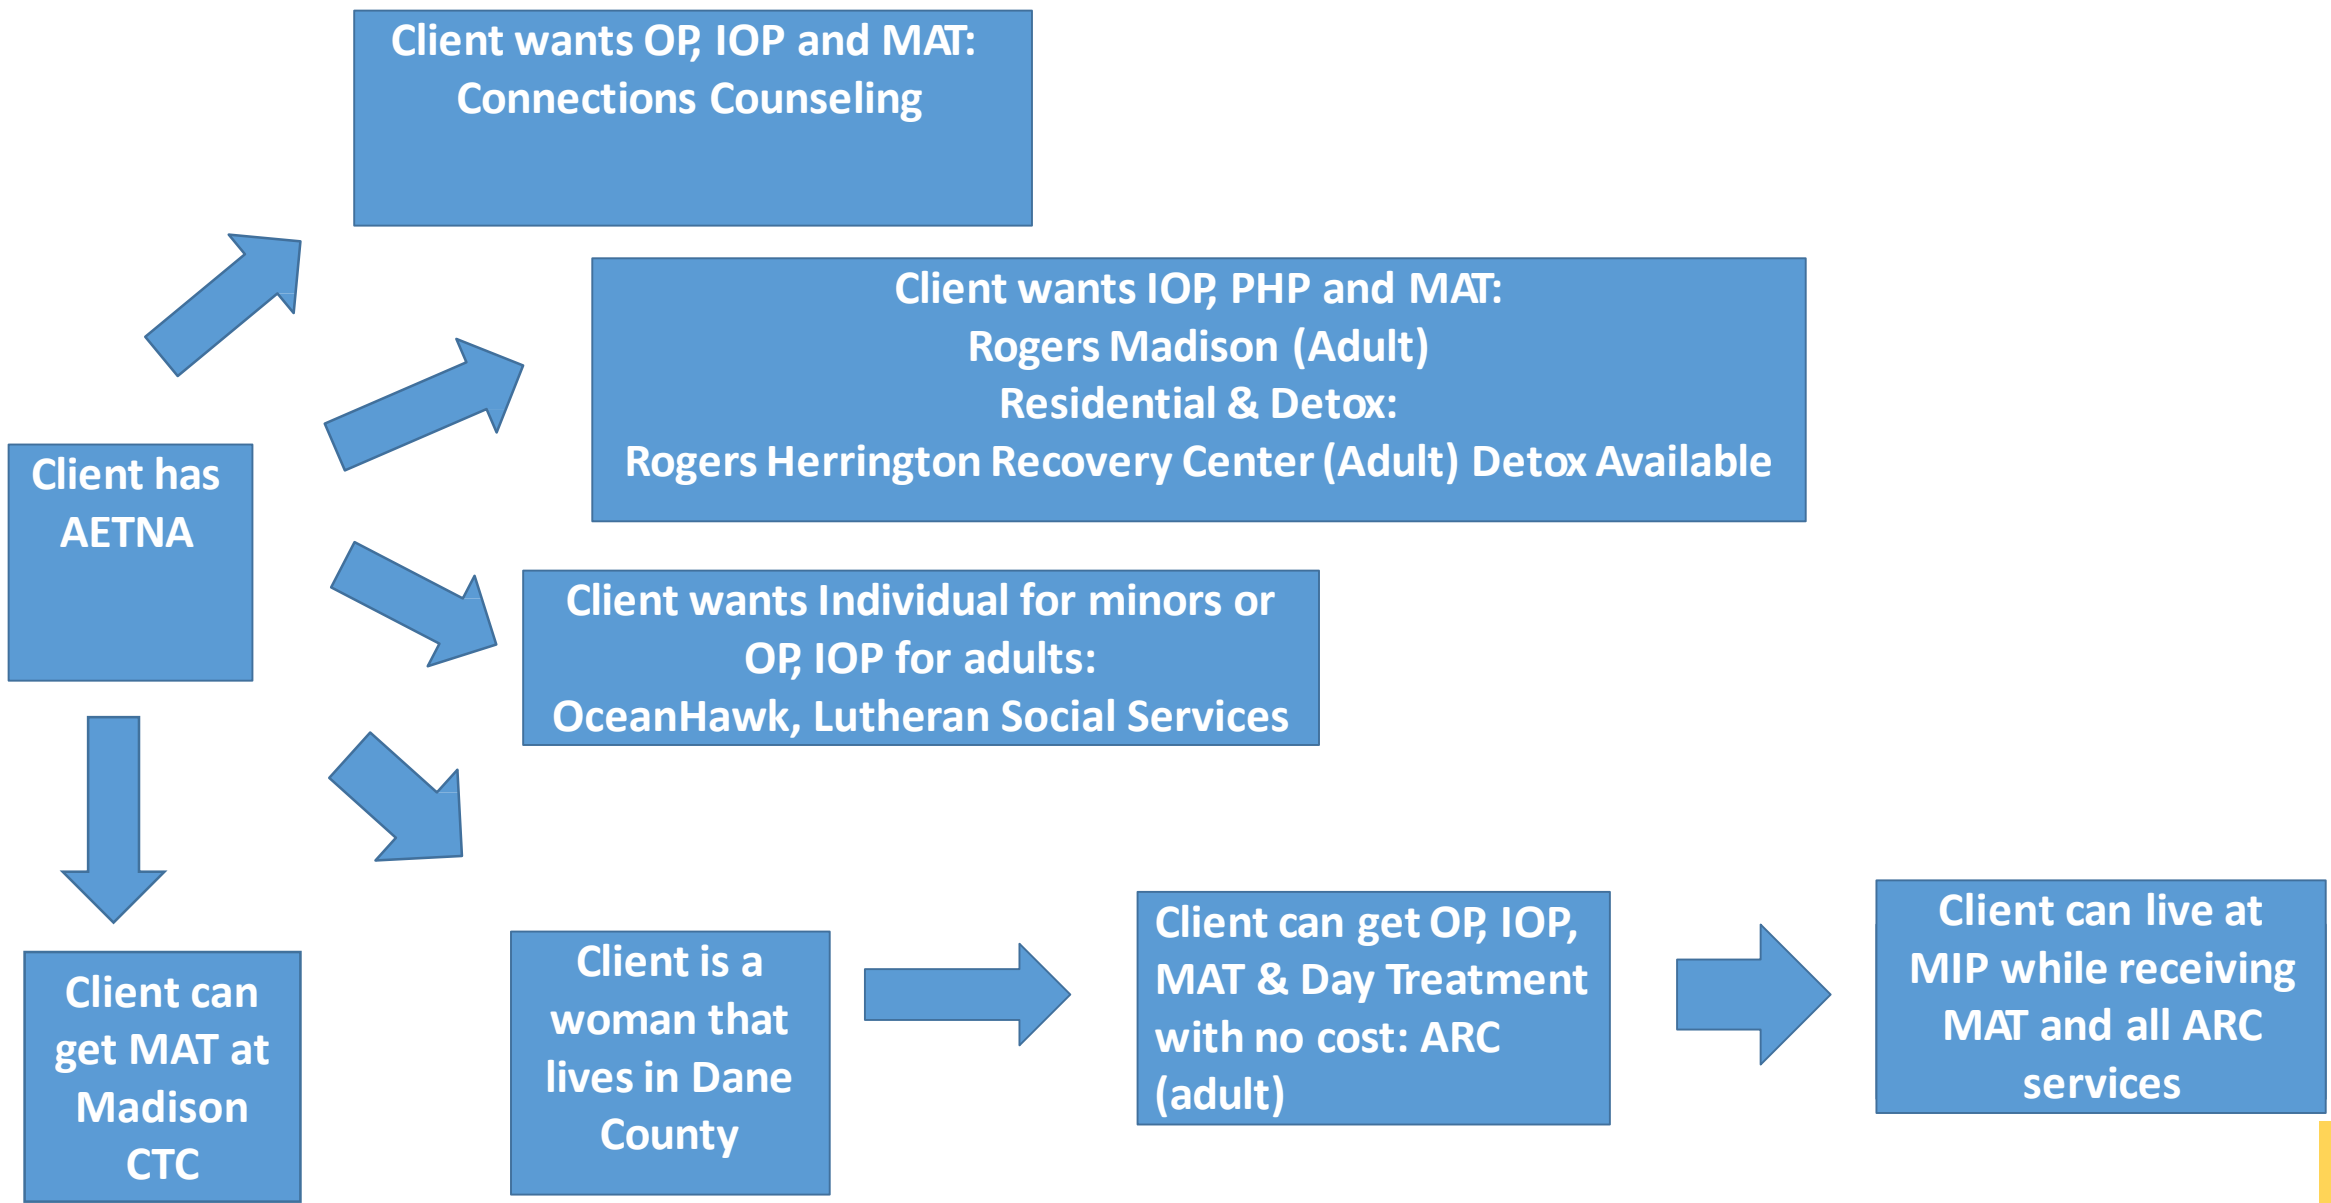

- UW Adolescent Alcohol Drug Assessment Intervention Program
  - Provides screening, assessment, brief interventions, and referrals are provided free of charge
- The following information regarding the assessment process is available on their website
  - Assessments take place over four meetings, about once a week for an hour. Parents attend the first and final sessions with their teen. The purpose of the assessment is to:
    - Identify strengths (what is going well) and risks (areas of concern)
    - Determine the level of current or past alcohol or drug involvement
    - Identify any related problems
    - We explore family relationships, peer influences, academic issues, and mental health concerns. When appropriate, recommendations for further services such as counseling or treatment are discussed with the teen and family.
- Contact Information: (608) 262-1111
- Location: 122 E. Olin Ave., Suite 275, Madison

# HMO vs POS vs EPO vs PPO

	Requires PCP	Requires referrals	Requires pre-authorization	Pays for out-of-network care
HMO	Yes	Yes	Not usually, if PCP does it	No
POS	Yes	Yes	Not usually, if PCP does it. Out of network may have different rules	Yes, but requires PCP referral
EPO	No	No	Yes	No
PPO	No	No	Yes	Yes
